

# **LEARNING THROUGH TRAVEL**

*We provide the best  
educational experiences,  
which are complemented  
by exploring and getting to  
know the wonders of the  
Costa Rican territory.*

# Teaching and Learning

Study abroad to Costa Rica with the Gelty Organization to provide an immersive cultural experience with a focus community education, comparing and understanding the differences between the public and private education sector in Costa Rica, mental health services, and the experience to practicing Spanish with primary or high school native students in Costa Rica.

Area for expansion with Education

Students would be focused on the schools in the community and workshops according to your needs (like community work) all of that together with environmental activities that improve their knowledge.

## ¿What we offer?

In this program we offer you the experience of getting to know the Costa Rican Education System complemented with a visit to different public schools, workshops and talks on education, and environment sustainability. We offer you the option of participating and practicing your teaching skills with teachers in different scenarios through the national education system.

Additionally, we'll give you the opportunity to enjoy some of the best touristic attractions our country has to offer!.

# Includes:

- ◆ Trip Insurance.
- ◆ Land Transportation.
- ◆ Lodging, breakfast and lunch every day.
- ◆ Two days of public system workshop (primary school, high school).
- ◆ Environmental activity.
- ◆ Talks about Costa Rican Public and Private Education System.
- ◆ The experience of giving a talk in a Public High School.
- ◆ Workshop or a class on Comprehensive Care Centers for Adults with Disabilities (CAIPAD).
